

The 100 Club

100 key supporters at the cutting edge
of providing the very best care for
hospital patients in Bradford

Bradford
Hospitals'
Charity

Bradford Hospitals' Charity and the 100 Club

Bradford Hospitals' Charity is the official NHS charity of Bradford Teaching Hospitals NHS Foundation Trust. We work together to provide the very best for patients in Bradford, supporting projects which are beyond the scope of government funding.

By joining the 100 Club, you will be supporting

our work with NHS clinicians and staff to enhance patient care, treatment, and the hospital environment. The funds will pay for a range of services including specialist equipment and research which improves outcomes for our patients and enables us to make a huge difference to our communities.

How It Works

The 100 Club will consist of 100 businesses, community and faith organisations, and other supporters, who wish to make a one-off or annual donation of £1,000. This can be paid in a lump sum or via direct debit. Each donor will be acknowledged through a leaf on our donor tree, which will be situated in the main concourse at Bradford Royal Infirmary.

We'll keep in regular contact with you ensuring

you receive updates and information on how the money is being used and on our broader work across the charity. We will also invite you to our annual 100 Club gathering to meet senior members of the team and you'll receive invites to events for networking opportunities with other 100 Club supporters.

We'll thank you publicly on our website, social media and in our annual report.

Please contact our Head of Fundraising, Hayley Collis on 01274 274809 or charity@bthft.nhs.uk for more information or make a donation here: <https://bit.ly/3Az61fK>
